### Expectations

Our goal is to work with students who are passionate about the Theatre Arts and eager to also understand the business skills needed to make your living as an artist. Theatre requires teamwork, versatility and adaptability. If you are accepted into the program, we expect everyone to work and develop skills in multiple areas.

### Primary Interest

While we expect everyone to work and gain experience in several areas, we also understand that one (or more) disciplines will be of primary interest to you. We want to make sure that there are enough opportunities for you to ply your primary interest(s). Our goal is to have you working in your primary area(s), even as freshmen.

Please select **AT LEAST** one area of primary interest, but **NO MORE** than three. If the whole section appeals to you, select the category header and count that as two (2) check marks. Depending on what you select and interest from others in that area, we may ask to see a portfolio, work sample or audition video.
